

Portaramp

LEADING ACCESS
SOLUTIONS

Specially designed for fitting to welfare minibuses, PTS vehicles, ambulances, and vehicle loading applications the Easyramp is a simple single handed operation for deployment and stowage of ramp. An ideal solution where vision through the rear window is not critical. Manufactured from a unique lightweight aluminium panel incorporating a slip resistant surface, 50mm side rails for added safety and a quality paint finish. Quick release attachment options available

Easy Ramp

Passenger Loading

Perfect for wheelchairs and scooters giving a safe passage for both the occupant and assistant.. Available in standard lengths between 2000mm to 3000mm. Alternatively we can design and manufacture bespoke solutions for a wide range of applications

Quick Release Options
